

International Sport Karate Association

INCLUDING PEOPLE WITH DISABILITY

Our commitment

ISKA welcomes all members of the community, regardless of their abilities. We will include people with disability in ISKA in both playing and non-playing roles to the greatest extent that we can.

We will endeavour to make ISKA as accessible as possible; based on the state sports policy on inclusion; the ability of individuals involved in ISKA; the type and level of competition (e.g., junior versus senior competition and social versus pennant); the individuals willingness to join and our capacity to make modifications that promote inclusion.

What we will do

- Put people first, focus on what they can do and find out how they want to participate.
- Ask each individual – and their parents if the participant is a child – for their advice about what modifications would help them to participate.
- Where possible, make adjustments to our coaching, equipment, rules or playing environment and modifications to ISKA premises (e.g. putting in a ramp).
- Be honest and explain if certain modifications or adjustments are not currently possible.
- Communicate with people and share club information in appropriate ways and formats.
- Expect all members of ISKA to accept and welcome people with disability.
- Make sure people of all abilities are included in ISKA's social activities and are recognised for their contribution and achievement.
- Have strong policies to ensure that people can play sport and participate in ISKA without discrimination, harassment or bullying.
- Provide information about other options for participation outside ISKA by letting people know about sports that are primarily or only for people with disability, or clubs where major modifications have been made to increase opportunities for participation.
